

PACIFIC GEO PLUS

20W50 GAS ENGINE OIL

Introduction : This oil is specially formulated from highly refined base stock and blended additive package containing shear stable VI improver, detergent dispersant and antioxidant. This oil is specially recommended for new generation engines using CNG & LPG fuels. This oil is environment friendly.

Applications : Recommended for vehicles using CNG/LPG fuels in Passenger Cars, naturally aspirated diesel engines operating under severe conditions, super charged engines and vehicles operating start-off conditions.

Performance Benefits :

1. Oxidant Stability.
2. Prevents Nitrate formation.
3. Low ash Contents.
4. Long Battery life.
5. Better fuel efficiency.
6. Reduce fuel & oil consumption.
7. Protect from Rust and Corrosion.

Specifications : API SJ/CF

Characteristics :

1. Appearance	Golden
2. Kinematic viscosity cSt @100°C	18-19
3. Viscosity Index, min	125
4. Pour Point, °C, max	-21
5. Flash Point, coc, °C, min	220
6. TBN, mg, KOH/gm	8-10

Pack Size : 210 Ltr, 50 Ltr, 3 Ltr & 1 Ltr, 500ml.

Precautions :

1. Running engine with insufficient oil or improper grade of oil may cause serious damage to engine. Oil change intervals to be maintained as per engine manufacturers recommendations. Oil level to be checked before running the engine.
2. Oil properties may be lost due to overheating of engines due to failure of proper cooling system and oil to be changed if the engine is overheated abnormally.
3. Change Oil filters whenever oil is changed.

*These Specifications are of a Particular Lot they can differ from lot to lot but will not effect the performance of the oil
